Ch. 1 Social Psychology and Human Nature 2nd Edition ...

The volume begins with an original introduction by Roy Baumeister which provides an overview of the study of the self. The readings themselves are then organized into 10 thematic sections covering core topics such as self-knowledge, self-esteem, self-regulation, self-presentation, and the self and culture. Each section has an introduction that describes other relevant work, in order to place the selection in its full intellectual context.
