The Cessna 526 CitationJet was a twinjet trainer candidate for the United States Joint Primary Aircraft Training System proposed by Cessna. It was a twin-engined, tandem seat aircraft, based on the Cessna CitationJet executive aircraft. However, it was unsuccessful, with only two prototypes built.

Cessna 526 CitationJet - Wikipedia

The Model 525 CitationJet is the quintessential entry level jet. Designed in the late 1980s to replace Cessna's popular Citation and Citation I and compete against twin turboprops and other light jets, the FAR Part 23 airplane is certified for single-pilot operations and is flown by many owner-pilots and flight departments that operate only one airplane.

The Citation Jet is the ultimate combination of beauty and efficiency. It is perfect choice for anyone looking for an entry-level private business jet, no matter if you are the passenger, pilot or technician. This venerable jet will provide you all joys of flight.
