Thank you Dr. Rosenstock for an excellent case presentation of a middle-aged man with HCV Cirrhosis who presented with acute onset cough and shortness of breath for three days, which was attributed to development of hepatopulmonary syndrome.

Internship can be a tough time and it is easy to let the work define you. While we are all here for the primary purpose of becoming great doctors, you were all selected because you were already great people. Don't let the diversity you demonstrated to get here fall by the wayside. Keep something from your prior life (working out, reading, playing
